

Certificate

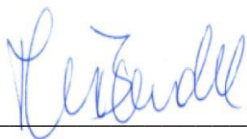

CO₂e-neutrality for 2020

We herewith confirm that the Product Carbon Footprint of the following products of the brand "Holle" was assessed:

Organic Infant Formula PRE, Organic Infant Formula 1, Organic Infant Follow-on Formula 2, Organic Growing-up Milk 3, Organic Growing-up Milk 4, Organic Infant Goat Milk Formula 1, Organic Infant Goat Milk Follow-on Formula 2, Organic Infant Goat Milk Follow-on Formula 3, Organic Milk Cereal Millet, Organic Milk Cereal Spelt, Organic Milk Cereal Bananas, Organic Wholegrain Millet Cereal, Organic Wholegrain Rice Cereal, Organic Wholegrain Spelt Cereal, Organic Wholegrain Oat Cereal, Organic Wholegrain Semolina Cereal, Organic Corn-Tapioca Cereal, Organic Wholegrain 3-Grain Cereal, Organic Wholegrain Banana-Semolina Cereal, Organic Wholegrain Baby Muesli, Organic Junior Muesli with Cornflakes, Organic Junior Muesli with Fruits

We herewith confirm that Holle baby food AG purchased the equivalent in Carbon Credits to neutralize the calculated emissions for 2020. The required Carbon Credits were retired at the Credible Carbon Registry.

The Product Carbon Footprint was calculated according to the guidelines of the Greenhouse Gas Protocol. The carbon credits were generated on Soil & More International's composting project in South Africa and were verified and issued by TÜV-Nord Cert GmbH in Germany, a UNFCCC accredited DOE.

02.01.2020, Tobias Bandel
Soil & More International
